

# EMO Switch Guard

(Cat 800F-A6PR5)

**ATTENTION:** To prevent electrical shock, disconnect from power source before installing or servicing.

**ATTENTION:** Read this instruction sheet carefully before using the switch guard. This EMO guard is designed for use exclusively on semiconductor manufacturing equipment. It conforms to the SEMATECH Application for SEMI S2-93. This switch guard does not meet the EC machinery directive IEC 60204-1. Do not use this switch guard on EMO switches installed on any machine equipment that presents a risk of injury to personnel.

## Installation

**NEMA:** For use on a flat surface of a Type 4x indoor use only or Type 13 enclosure.
