

Bulletin 700 Industrial DIN Rail Adapter for Relays

Allen-Bradley

Product Profile

Allen-Bradley introduces a market exclusive design that

allows all Bulletin 700 NEMA Heavy Duty Industrial

Relays to be installed on 35 mm DIN rail.

700-DRA

700 Type P

700 Type N

Ease of Installation

Installing and removing NEMA Industrial Relays on new and existing panels is now faster and easier with the addition of the DIN rail accessory.

Features

- DIN rail adapter designed for corrosion resistance and durability (capable of supporting the 12-pole DC relay)
- Relays with DIN rail adapter require no tools for installation
- Quick release latch that can be operated with a standard or phillips head screwdriver

**Rockwell
Automation**

Bulletin 700 NEMA Heavy Duty Industrial Relays can be DIN Rail Mounted

700-RTC

700-R

700S-P

700 Type PK

700S-P 700S-DCP 700-PT 700-P

700DC-PT 700DC-P 700-PK 700DC-PK

700S-P Safety Application

The new DIN rail adapters can be used with two 700S-P safety relays and a safety monitoring relay to create a DIN rail mounted, cost efficient solution to your safety circuit requirements. This is an ideal solution to switching loads larger than 1 amp and less costly than purchasing I/O expansion modules for most safety monitoring relays.

DIN Rail Adapters

- DIN rail adapters are currently offered as an accessory to our Bulletin 700 relays (Field Installation).
- DIN rail adapters will be available as an assembled option for Bulletin 700P, PK, and PH relays by December 2003 (Factory Installation).
