FactoryTalk VantagePoint EMI Configuration and Reporting

COURSE NUMBER: RS-FTVPEMI

Course Purpose

In this course, you will learn various tools to analyze and display the data in FactoryTalk VantagePoint EMI. The course covers how to use the analysis and reporting tools to create Trends, XY Plots, Excel Reports, and Dashboards. You will have an opportunity to use the Portal and configure it to display content in various ways. The course also focuses on extending the model in the product and configuring security.

Upon completion of the course, you will be able to utilize many tools and techniques for the display, analysis and reporting of FactoryTalk VantagePoint EMI data.

COURSE DESCRIPTION

FactoryTalk[®] VantagePoint Software

Who Should Attend

Developers or engineers who will work with FactoryTalk VantagePoint EMI applications and need to view, analyze and create reports based on the data in FactoryTalk VantagePoint EMI software should attend this course.

Prerequisites

To successfully complete this course, experience with the following is required:

- Microsoft SQL Server 2005 and SQL Language
- Microsoft Office Excel 2007

Knowledge of the following is strongly recommended:

- Business Intelligence and how it applies to your market
- FactoryTalk products and terminology

Student Materials

To enhance and facilitate your learning experience, the following materials are provided as part of the course package:

- *Student Manual*, which contains the key concepts, definitions, and examples presented in the course and includes the hands-on exercises.

Hands-On Practice

Throughout this course, you will have the opportunity to practice the skills you have learned through a variety of hands-on exercises with FactoryTalk VantagePoint EMI software. These exercises focus on the skills introduced in each lesson.

You will also have the opportunity to combine and practice groups of key skills by completing an integrated practice exercise during the course.

Course Length

This is a four-day course.

Course Number

The course number is: RS-FTVPPEMI

To Register

To register for this or any other Rockwell Automation training course, contact your local authorized Allen-Bradley Distributor or your local Sales/Support office for a complete listing of courses, descriptions, prices, and schedules.
