

ROCKWELL AUTOMATION

process week '19

SAVE
THE
DATE

November 18–21, 2019

McCormick Place • Chicago, IL USA

Making the world a better place is a tough job. As producers, OEMs and industry partners, we know firsthand how tough. We constantly measure productivity, efficiency and profitability. And yet, the measurement that can mean the most is the impact we have on people around the world.

This weeklong event is dedicated to improving our impact on the world and the means by which we achieve that. We gather automation industry leaders, experts and innovators in one place to share ideas, solutions and what-ifs. These insights can help move your business forward.

- Learn about intelligent device solutions within reach
- Exchange ideas with peers and automation experts
- Gain knowledge from forums, hands-on labs and technical sessions (and earn PDH credits)

**Are you ready
to take your automation
to the next level?**

Registration opens September 2019

#ROKPSUG    

NOV 18 & 19

Process Solutions User Group

Join your peers at this interactive, industry-leading event to gain greater insight into the latest process automation technologies. A wealth of knowledge awaits on control strategies, optimization, process safety and batch automation. You'll attend:

- Thought provoking keynotes and practical hands-on labs
- Insightful technical and customer application sessions
- Customer-delivered presentations on improving operations and ROI

PSUG registration fee (\$499 through September 30; \$649 after September 30) covers all sessions, labs, food and refreshments during the event, including the Monday night social.

Networking Event • Monday, November 18 • 6pm – 9pm
Museum of Science and Industry

Discuss the latest topics and solutions for achieving manufacturing automation excellence. Refreshments will be served, and transportation will be provided.
