

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
C678470

Initial certification date:
12 December, 2017

Valid:
12 December, 2023 – 11 December, 2026

This is to certify that the management system of
Rockwell Automation
1201 South 2nd Street, Milwaukee, WI, 53204, USA
and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Occupational Health and Safety Management System standard:
ISO 45001:2018

This certificate is valid for the following scope:

The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design (including engineering and design of products), shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.

Place and date:
Katy, TX, 07 March, 2024

For the issuing office:
DNV - Business Assurance
1400 Ravello Drive, Katy, TX, 77449-5164, USA

Sherif Mekkawy
Management Representative

Appendix to Certificate

Rockwell Automation

Locations included in the certification are as follows:

Site Name	Site Address	Site Scope
Rockwell Automation	T20-2 Building 565 Chuang Ye Road Pudong China	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	139 Barnum Rd., Devens, MA, 01434, USA	Electronics assembly, small warehousing, office/sales, electrical labs, and product testing.
Rockwell Automation	Zona Franca Delas Americas, Las Americas Avenue, Santo Domingo, Dominican Republic	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	8440 Darrow Road, Twinsburg, OH, 44087, USA	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	No 2 Corporation Road, Corporation Place -, Singapore	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.

Site Name	Site Address	Site Scope
Rockwell Automation	135 Dundas Street, Cambridge, ON, N1R 5X1, Canada	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	ul. Rozdzieńska 49 - Katowice, Poland	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	Camino Vecinat S/N # 3051A, Guadalupe, CP 67190, Nuevo Leon, Mexico	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	6400 W. Enterprise Drive, Mequon, WI, 53092, USA	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	ul. Budowlanych 64a, 80-289 Gdansk, Poland	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	41 Research Way, East Setauket, NY, 00000, USA	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.

Site Name	Site Address	Site Scope
Rockwell Automation	1201 South 2nd Street, Milwaukee, WI, 53204, USA	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	1506 East 16th Street South, Ladysmith, WI, 54848, USA	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	Camino Vecinat S/N #3051, Guadalupe --, Nuevo Leon, Mexico	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated
Rockwell Automation	1500 Pebbles Drive, Highway 14 East, Richland Center, WI, 53581, USA	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	No.5,12th Avenue of HaNan, HaNan New City of Industrials, Economic Development District, Harbin, PRC HaNan New City of Industrials Economic Development District Harbin, PRC Harbin China	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
Rockwell Automation	Bldv. Encino 101, Parque Industrial, 21430, Tecate, Mexico, Mexico	The manufacture of industrial automation products including the following activities and processes: Fabrication, electro-mechanical assembly, printed circuit board assembly, cleaning, painting and coating, repair and test, related engineering and design, shipping and receiving, maintenance, utilities and all services associated with the support of manufacturing.
