

Self-Paced Lessons

Introduction

Course Pre-Test*

Creating Interactive Objects

- Creating and Configuring Pushbuttons
- Creating and Configuring Indicators
- Creating and Configuring Display Objects
- Creating and Configuring Control List Selectors, Gauge, and Graph Objects
- Creating and Configuring Display Navigation Objects
- Creating and Configuring Local Message Displays

Working with Advanced Graphic Objects

- Adding Advanced Features to Interactive Objects
- Creating Parameter Files and Tag Placeholders

Using Faceplates in an Application

Creating Interactive Objects

- Creating and Configuring Data Logs
- Creating and Configuring Trends
- Creating and Configuring Alarms

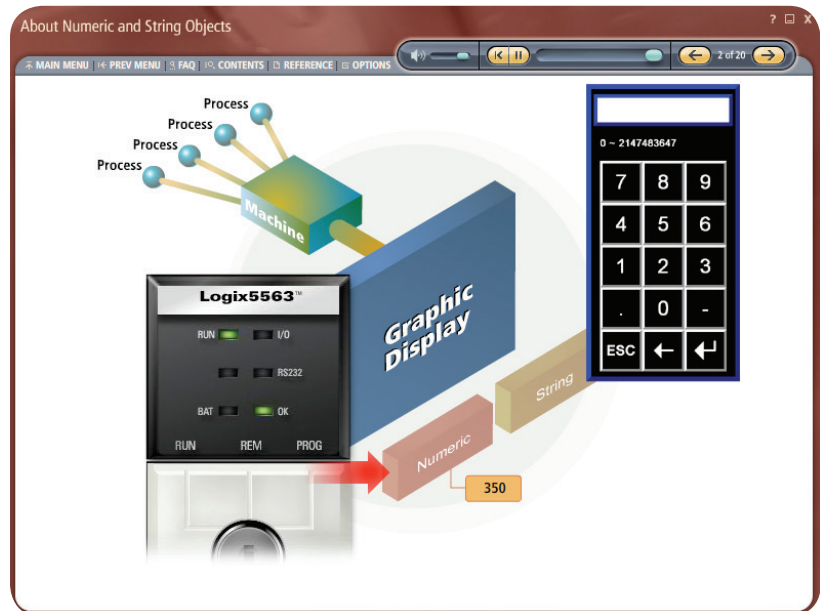

Frequently Asked Questions

- Answers to the questions most frequently submitted to Rockwell Automation technical support presented using conceptual animations and software simulations

Course Post-Test*

Pre- and Post-Tests*

- * Included in web-based training. To access the pre- and post-tests in computer-based training, this course must be used with RSTrainer Student Manager.

Course Purpose

This interactive training course provides information about creating FactoryTalk® View Machine Edition interactive objects. During the course, you will learn how to work interactive and advanced objects in graphic displays as well as create and configure data logs, trends, and alarms.

Helpful animations, background information, answers to frequently asked questions, and links to other reference materials provide you with a variety of knowledge and learning tools. These tools will provide you with the knowledge required to use interactive objects in graphic displays.

You will also be given multiple opportunities to test your knowledge through question and answer sessions. These question and answer sessions allow you to gauge your knowledge level and help you identify areas for improvement.

Intended Audience

This course is intended for the following audiences:

- Individuals who prefer self-paced instruction
- Individuals who cannot attend classroom training
- Individuals who are responsible for designing FactoryTalk View Machine Edition displays
- Individuals interested in learning about interactive objects

Learning Activities & Features

Rockwell Automation e-learning courses include the following features:

- Information overviews
- Discussions of basic principles and/or concepts
- Descriptive and detailed technical explanations
- Answers to the questions most frequently submitted to Rockwell Automation technical support
- Animated sequences and interactive simulations
- Interactive and integrated practice exercises
- Question and answer sessions
- Online help
- Index to locate specific course topics
- Embedded technical manuals
- Links to useful reference material
- Glossary of terms

Prerequisites

To successfully complete this course, you should be able to perform basic Microsoft Windows tasks.

Purchasing Options

Computer-Based Training

The computer-based CD-ROM or digital download format permits unlimited usage on a single, licensed computer. Computer-based training does not require an Internet connection; therefore, learning can take place anytime and anywhere a computer is available.

Web-Based Training

Web-based courses are delivered via the Internet and are activated using ePasses. One ePass is needed to activate a single course and permits unlimited usage for a single user for one year. An Internet connection is required.

To Purchase

To purchase this or any other Rockwell Automation training course, contact your local authorized Allen-Bradley® Distributor or your local Sales/Support office.

You can also access course information via the Web at <http://www.rockwellautomation.com/training>

Catalog Numbers

- *RSTrainer for FactoryTalk View Machine Edition – Interactive Objects:*
9393-RSTVMEPT3 or 9393-RSTVMEPT3M
- *RSTrainer Enterprise Edition for FactoryTalk View Machine Edition - Interactive Objects:*
9393-RSTMEPT3ENF or 9393-RSTMEPT3ENFM

Web-Based Training

Catalog Number	Description
EL-WBT1	Web-based Training 1 Pack
EL-WBT5	Web-based Training 5 Pack
EL-WBT20	Web-based Training 20 Pack
EL-WBT50	Web-based Training 50 Pack
EL-WBT100	Web-based Training 100 Pack
