This publication contains links to some of the most common manuals for products that are typically included in a Logix 5000™ control system.

It also provides links to manuals that can help you:

- Implement an EtherNet/IP network.
- Develop a Logix controller-based safety system.
- Use Studio 5000 Logix Designer application to program your control system.
- Configure a motion solution.
- Configure and use Rockwell Automation products to improve the security of your automation system.
Summary of Changes

This publication contains the following new or updated information. This list includes substantive updates only and is not intended to reflect all changes.

<table>
<thead>
<tr>
<th>Topic</th>
<th>Page</th>
</tr>
</thead>
<tbody>
<tr>
<td>Removed SoftLogix™ Controllers resources</td>
<td>2</td>
</tr>
<tr>
<td>Added Estimated Logix 5000 Controller Instruction Execution Times Reference Manual to Logix 5000 controllers resources</td>
<td>3</td>
</tr>
<tr>
<td>Added security resources that address considerations in the design and operation of industrial automation control system (IACS) with Rockwell Automation products</td>
<td>5</td>
</tr>
<tr>
<td>Added Studio 5000 Application Code Manager manuals to programming resources</td>
<td>5</td>
</tr>
<tr>
<td>Updated Compact 5000 I/O modules resources</td>
<td>6</td>
</tr>
<tr>
<td>Added Kinetix Servo Drives resources</td>
<td>8</td>
</tr>
<tr>
<td>Added PowerFlex 755T Drives resources</td>
<td>8</td>
</tr>
</tbody>
</table>

Products Covered in this Publication

You can find common manuals for these products in this publication. You can view or download publications for other Allen-Bradley® products or FactoryTalk® software at rok.auto/literature.

Controllers

- 1756 Series ControlLogix® Controllers, GuardLogix® Controllers, ControlLogix Redundancy Modules
- 5069 Series CompactLogix™ Controllers, Compact GuardLogix Controllers
- 1769 Series CompactLogix Controllers, Compact GuardLogix Controllers

Drives

- Kinetix® 5100, 5500, and 5700 Servo Drives
- PowerFlex® 755T Drives with TotalFORCE® technology

Studio 5000 Design Environment

- Studio 5000 Logix Designer® application
- Studio 5000® Application Code Manager

I/O and Communication Modules

- 1756 ControlLogix I/O Modules and EtherNet/IP Communication Modules
- Compact 5000™ I/O Modules and EtherNet/IP Communication Modules
- FLEX 5000™ I/O Modules and EtherNet/IP Communication Modules
- 1715 Redundant I/O Modules
- EtherNet/IP Adapters

Operator Interface

- PanelView™ 5510 and PanelView 5310 Terminals
- PanelView Plus 7 Standard and Performance Terminals
Logix 5000 Controllers Resources

Reference and task-based information to help you install, configure, and operate Logix controllers.

Selection and Specifications

- **1756-SG001**, ControlLogix System Selection Guide
- **1756-TD001**, ControlLogix and GuardLogix Controllers Technical Data Specifications
- **1769-SG001**, CompactLogix System Selection Guide
- **5069-TD002**, CompactLogix and Compact GuardLogix Technical Data Specifications

Design Considerations

- **1756-RM094**, Logix 5000 Controllers Design Considerations Reference Manual

Manuals

- ControlLogix and GuardLogix controllers user manuals
  - **1756-UM543**, ControlLogix 5580 and GuardLogix 5580 Controllers User Manual
  - **1756-UM022**, GuardLogix 5570 Controllers User Manual
  - **1756-UM001**, ControlLogix System User Manual *(for ControlLogix 5560 and ControlLogix 5570 controllers)*
- CompactLogix and Compact GuardLogix controllers user manuals
  - **5069-UM002**, CompactLogix 5480 User Manual
  - **5069-UM001**, CompactLogix 5380 and Compact GuardLogix 5380 Controllers User Manual
  - **1769-UM021**, CompactLogix 5370 Controllers User Manual
  - **1769-UM022**, CompactGuardLogix 5370 Controllers User Manual
- Safety system reference manuals for GuardLogix and Compact GuardLogix controllers
  - **1756-RM012**, GuardLogix 5580 and Compact GuardLogix 5380 Controller Systems Safety Reference Manual
  - **1756-RM099**, GuardLogix 5570 and Compact GuardLogix 5370 Controller Systems Safety Reference Manual
  - **1756-RM093**, GuardLogix Controller Systems Safety Reference Manual *(for GuardLogix 5570, GuardLogix 5560, and 1768 Compact GuardLogix Safety controllers using RSLogix 5000® version 20 and earlier)*

Replacement Guidelines

  Guidelines for replacing the following:
  - ControlLogix 5560 or ControlLogix 5570 controller with a ControlLogix 5580 controller
  - GuardLogix 5560 or GuardLogix 5570 controller with a GuardLogix 5580 controller
  - CompactLogix 5370 L3 controller to CompactLogix 5380 controller
Network and Communication Modules Resources

Reference and task-based information to help you design and implement an Ethernet network, and use EtherNet/IP communication modules in a Logix 5000 control system.

Selection and Specifications

- **1756-TD003**, 1756 ControlLogix Communication Modules Specifications

Design and Application Considerations

- **ENET-AT001**, EtherNet/IP QuickConnect Application Technique
- **ENET-AT002**, EtherNet/IP Socket Interface Application Technique
- **ENET-AT006**, EtherNet/IP Parallel Redundancy Protocol Application Technique
- **ENET-AT007**, EtherNet/IP Device Level Ring Application Technique

Manuals

  - Overview of EtherNet/IP communication modules in Logix 5000 control systems; describes features and tasks that are common to EtherNet/IP network devices
- **ENET-UM004**, ControlLogix EtherNet/IP Network Devices User Manual
  - Describes features and tasks that are specific to 1756 ControlLogix EtherNet/IP communication modules in Logix 5000 control systems
- **CNET-RM001**, ControlNet to EtherNet/IP Migration Reference Manual
  - Provides information to migrate from an existing ControlNet™ network to an EtherNet/IP™ network

Instructions and Programming Resources

Information to help you use Studio 5000 Logix Designer application to program your control system.

Logix 5000 Controllers Instructions

- **MOTION-RM002**, Motion Instructions Reference Manual
- **1756-RM006**, Advanced Process Control and Drives and Equipment Phase and Sequence Instructions Reference Manual
- **1756-RM087**, Execution Time and Memory Use Reference Manual
Logix 5000 Controllers Common Procedures

These manuals describe common procedures for programming and operating Logix 5000 controllers: 1756 ControlLogix, 1756 GuardLogix, 1769 CompactLogix, 1769 Compact GuardLogix, 1789 SoftLogix, 5069 CompactLogix, and Studio 5000 Logix Emulate™.

1756-PM001, Logix 5000 Controllers Common Procedures Programming Manual (provides links to the manuals in the following list)
- 1756-PM010, Add-On Instructions Programming Manual
- 1756-PM013, ASCII Strings Programming Manual
- 1756-PM020, Data Access Programming Manual
- 1756-PM002, EDS AOP Guidelines for Studio 5000 Logix Designer Programming Manual
- 1756-PM009, Function Block Diagram Programming Manual
- 1756-PM018, IEC 61131-3 Compliance Programming Manual
- 1756-PM019, Import/Export Project Components Programming Manual
- 1756-PM015, Information and Status Programming Manual
- 1756-PM004, I/O and Tag Data Programming Manual
- 1756-PM008, Ladder Diagram Programming Manual
- 1756-PM014, Major, Minor, and I/O Faults Programming Manual
- 1756-PM012, Messages Programming Manual
- 1756-PM017, Nonvolatile Memory Card Programming Manual
- 1756-PM011, Produced and Consumed Tags Programming Manual
- 1756-PM021, Program Parameters Programming Manual
- 1756-PM006, Sequential Function Charts Programming Manual
- 1756-PM007, Structured Text Programming Manual
- 1756-PM005, Tasks, Programs, and Routines Programming Manual

Programming Manuals
- LOGIX-UM003, Studio 5000 Application Code Manager User Manual
- 9343-GR001, Studio 5000 View Designer® Getting Results Guide
- LOGIX-UM001, PhaseManager™ Software User Manual
- 1756-RM101, SequenceManager™ Controls Reference Manual
- 1756-RM085, Converting PLC-5® or SLC™ 500 Logic to Logix5550® Logic Reference Manual

Security Resources

Resources to help you configure and use Rockwell Automation products to improve the security of your automation system.
- SECURE-UM001, Security Configuration User Manual
- SECURE-RM001, System Security Design Guidelines
- SECURE-AT001, CIP Security™ with Rockwell Automation Products Application Technique
I/O Modules and Adapters Resources

Reference and task-based information to help you install, configure, and operate I/O modules in a Logix 5000 control system. The products in this section are compatible with our newest controller platforms. For other distributed I/O families, see the Allen-Bradley I/O Modules website.

Selection and Specifications

- **1756-TD002**, ControlLogix I/O Modules Technical Data Specifications
- **1715-TD001**, 1715 Redundant I/O System Technical Data Specifications
- **5069-TD001**, Compact 5000 I/O Modules and EtherNet/IP Adapters Technical Data Specifications
- **5094-TD001**, FLEX 5000 I/O Modules Technical Data Specifications

Manuals

- **1756 ControlLogix I/O Modules**
  - **1756-UM009**, ControlLogix Analog I/O Modules User Manual
- **1715 Redundant I/O System**
  - **1715-UM001**, 1715 Redundant I/O System User Manual
- **Compact 5000 I/O Modules**
  - **5069-UM007**, Compact 5000 EtherNet/IP Adapters User Manual
  - **5069-UM004**, Compact 5000 Digital I/O Modules User Manual *(includes standard and safety I/O)*
  - **5069-UM005**, Compact 5000 Analog I/O Modules User Manual
  - **5069-UM006**, Compact 5000 Series High-speed Counter Modules User Manual
  - **5069-UM003**, Compact 5000 I/O Serial Module User Manual
- **FLEX 5000 I/O Modules**
  - **5094-UM005**, FLEX 5000 EtherNet/IP Adapters User Manual
  - **5094-UM002**, FLEX 5000 Analog I/O Modules User Manual
  - **5094-UM003**, FLEX 5000 High-speed Counter Module User Manual
  - **5094-UM007**, FLEX 5000 Analog Isolated Current/Voltage/HART Input and Output Modules
Operator Interface Resources

Reference and task-based information to help you install, configure, and operate graphic terminals in a Logix 5000 control system. For other PanelView products, see the Allen-Bradley Graphic Terminals website.

Selection and Specifications

- VIEW-SG001, Visualization Solutions Selection Guide
- 2715P-TD001, PanelView 5510 Terminals Technical Data Specifications
- 2713P-TD001, PanelView 5310 Terminals Technical Data Specifications
- 2711P-TD008, Bulletin 2711P PanelView Plus 7 Standard Terminals Technical Data Specifications
- 2711P-TD009, Bulletin 2711P PanelView Plus 7 Performance Terminals Technical Data Specifications

Manuals

- 2715P-UM001, PanelView 5510 Terminals User Manual
- 2713P-UM001, PanelView 5310 Terminals User Manual

Motion Resources

Reference and task-based information to help you configure and start up a motion solution.

- MOTION-UM002, Motion Coordinate System User Manual
- MOTION-AT005, Motion System Tuning Application Technique (tuning a Kinetix drive system)
- IA-AT003, Integrated Architecture and CIP Sync™ Configuration Application Technique
- MOTION-UM001, SERCOS and Analog Motion Configuration and Startup User Manual
Drives Resources

Reference and task-based information to help you install, configure, and operate Allen-Bradley Drives in a Logix 5000 control system. For other Kinetix Servo Drive or PowerFlex Drive products, see the Allen-Bradley Drives and Motors website.

Selection and Specification

- Kinetix EtherNet/IP Servo Drives
  - KNX-TD001, Kinetix Motion Control Selection Guide
  - KNX-TD003, Kinetix Servo Drives Specifications Technical Data
  - KNX-TD004, Kinetix Motion Accessories Specifications Technical Data
- PowerFlex 755T AC Drives
  - PFLEX-SG002, PowerFlex Low Voltage Drive Selection Guide
  - 750-TD100, PowerFlex 750-series Products with TotalFORCE Control Technical Data

Manuals

- Kinetix 5100 Single-axis EtherNet/IP Servo Drives
  - KNX-RM011, Kinetix 5100 Drive Systems Design Guide
- Kinetix 5500 EtherNet/IP Servo Drives
  - KNX-RM009, Kinetix 5500 Drive System Design Guide
  - 2198-UM001, Kinetix 5500 Servo Drives User Manual
- Kinetix 5700 EtherNet/IP Servo Drives
  - KNX-RM010, Kinetix 5700 Drive Systems Design Guide
  - 2198-UM002, Kinetix 5700 Servo Drives User Manual
  - 2198-RM001, Kinetix 5700 Safe Monitor Functions Safety Reference Manual
- PowerFlex 755T AC Drives
  - 750-PM100, PowerFlex Drives with TotalFORCE Control Programming Manual
  - 750-RM100, PowerFlex 750-Series Products with TotalFORCE Control Reference Manual
