RE: Asbestos in Rockwell Automation Products

Dear Customer,

Rockwell Automation is committed to demonstrating the highest standard of global environmental management. We embrace this as a core value and an integral part of all operations and seek continual improvement of our environmental management system and performance.

Our dedication is demonstrated by our compliance efforts as we continue to design hazardous substances out of our products. Products currently manufactured by Rockwell Automation do not contain asbestos.

Rockwell Automation continues to take steps to provide accurate information on our products. You can find additional information regarding Rockwell Automation Product Environmental Compliance programs at:
